Leak Dtec® SERIES

Continuous Dual-Walled Tank Leak Detection

- NEMA 4X Enclosure
- Combo Cable Grips + Wiring Connectors
- Completely Corrosion Resistant

Product Description

The **LeakDtec®** Series is the ideal choice when it comes to double walled tank leak detection. The system delivers reliable and long lasting results in the industry's toughest and most corrosive applications.

The **LeakDtec®** Series controller provides an automation solution that is scalable in performance and functionality.

A further decisive benefit is the incorporation of innovative user friendly no tools required cable-grip connection for the sensor inputs and power supply making it truly plug and play.

Leak Detection Audible | Visual Alarm

LP50 Junction Box | Optional

- GFPP Body
- PP Cord Grip
- 2" NPT Connection
- **Vaporbloc®** Technology

Features

- Sensitivity Adjustment
- Quick Connect Cord Grips
- Corrosion Free - Helical Design
- Completely Pre-Wired

Intertek RoHS
